COMPOSITION

- Absorbent core:	The fluff pads (from domestic forest) made of 100% long fibers, chlorine free cellulose.
- Super absorbent:	Sodium polyacrylate, non-allergenic. Highly absorbent and restrain odors.
- Acquisition Layer:	Third layer to keep the skin dry (100% propylene, very soft touch).
- Coverstock:	100% polypropylene, non woven non allergenic, for sanitary use.
- Leak guard:	Special raised leak guard to avoid long term leak. 100% polypropylene, hydrophobic.
- Back sheet:	Thick non-toxic polyethylene combine with Non-woven fabric. Micro embossed for softness that makes it breathable for the skin.
- Wetness indicator:	Triple wetness for better security. The wetness indicator erase when it's wet. Made of ink water.
- Glue:	Hot melt adhesive; non-toxic.
- Elastics:	8 blue on the front, 8 white on the back, 2 elastic threads for leak guard, 3 siding elastics for leg cuff (latex free).
